REPORT ON

EXPERT LECTURE on

"Assembly Language Programming using 8086"

Objectives of Expert Lecture : Knowledge sharing about 8086 Assembly Language

Date of expert: 24th January, 2018 at 2pm

Expert Name: Mr. Milind Mohan Mane (Asst-Manager)

Expert Orgnization: Intercode Technologies, Pune

About Expert: Mr. Milind Mohan Mane is currently working in Intercode Technologies. He has completed Diploma In Electronics & Communication Engineering. He has total 12+ yrs of experience in electronics Industry.

Computer Engineering Department organized Expert Lecture on Assembly Language Programming using 8086 microprocessor, on 24th January, 2018 to bridge the curriculum gap of subject- microprocessor of Second Year Computer Engineering Student.

During student interaction, Mr. Milind Mane spoke about the upcoming technologies now in electronics market. He created interest in student's mind about the role of computer engineer in world of electronics and therefore need of Assembly Language programming. He had given a brief introduction about how to write simple assembly language code in 8086. He also tried to connect it with NASM. All the doubts of students were well cleared by Mr. Milind Mane.

This expert lecture was successful enough to students to bridge the curriculum gap.

Glimpses of the event:

(Mrs. Minal M. Swami)   (Dr. D.P.Gaikwad)

Subject Incharge   H.O.D.
