

ABOUT AISSM SOCIETY

All India Shri Shivaji Memorial Society was established in 1917 by Rajashri Chhatrapati Shahu Maharaj of Kolhapur with the sole purpose of promoting the noble cause of education. Society runs 19 educational institutions and College of Engineering is one of them.

ABOUT INSTITUTE

AISSMS College of Engineering, Pune was established in the year 1992. The College is located in the heart of Pune city on a sprawling campus. The College is affiliated to the Savitribai Phule Pune University. Institution runs undergraduate courses in various disciplines namely Chemical, Civil, Computer, Electrical, E&TC, Mechanical, Mechanical Sandwich, Production Sandwich and postgraduate courses with specialization in Chemical, Structures, Computer, Power Electronics and Drives, VLSI, Automotive and Design Engineering & also has research program in Mechanical, Chemical stream. Institute is Accredited by NAAC with A+ Grade.

ABOUT DEPARTMENT

Department of Mechanical Engineering was established in 1992. The department runs two undergraduate programs viz. Mechanical Engineering, Mechanical Engineering (Sandwich) and two PG programs with Automotive and Design Engineering as specialization and also has a research Centre. The department played a leading role in starting postgraduate program in Automotive Engineering of Savitribai Phule Pune University. The department has well equipped laboratories with high-end software's used in industry. The department is having well qualified faculty in the field of tribology particularly in bearing and lubrication. The department has conducted workshop on "Industrial Tribology", which attracted participants from highly reputed institutes and industries. Post graduate students are doing their research work in the area of tribology.

STTP OBJECTIVES

Tribology, needless to say, is very important in Mechanical and Production Engineering. SPPU has introduced 'Tribology' and 'Industrial Tribology' subjects in Mechanical Engineering at undergraduate and post-graduate level. The objective of this program is to train the faculty members, industry personnel, research scholars, young scientists, and post graduates students of various organizations also to provide a platform for interaction and exchange of ideas in the field of Tribology and its industrial applications from academia, research laboratories and relevant industries.

COURSE CONTENT

Tribological Studies in Automobiles, Bearings Tribology, Engines, Bio Tribology, Tribo-tests, Recent surface Treatment and Coatings, Lubricants - MR Fluid and its Applications, Tribological Aspects in Metal Working, Nano Tribology, Tribological Characterization and Industrial Case Studies

WHO SHOULD ATTEND

The workshop is design to cater to the needs of faculty members in Mechanical and Production Engineering, Post-graduate Students, Research Scholars pursuing or aspiring to do research in the area of Tribology, Industry, Lubricant Manufacturers and Marketing Professionals.

RESOURCE PERSONS

The expert lectures of professionals from academia, industry and research will be organized. Participants will get opportunity to interact with following professionals.

Mr N L Soni [BARC, Mumbai]

Dr S Shah [SVNIT, Surat]

Dr N S Kini [Thermax Limited Pune]

Dr H Bagchi [COEP, Pune]

Dr D G Thakur [DIAT, Pune]

Mr N M Dube [Ducom, Bangalore]
