## About the program

Engineering education is transforming at the faster pace. Educational needs are changing drastically. Technical teachers are required to empower for implementing innovative, advanced pedagogy for their professional refinement and student's enhanced learning. With this view our institute has launched

Faculty Development & Academic Collaboration (FDAC) to execute in-house and collaborative activities with other institutes in and around Pune.

Peer to peer learning and assessment has gained lot of importance now-a-days. This program is unique and first of its own kind which is designed thoughtfully for empowering all faculty members of the institute one at a time to impart in-house training, creating opportunity

to showcase talents and develop all faculties through peer to peer knowledge transfer and assessment.

## Objectives

•To provided awareness about extended way of learning that can be accessed anywhere and any time using NPTEL Swayam courses

•To provide information about modification and enhancement of course materials such as text, images and videos to support different learning styles using Moodle software

•To spread importance among the teachers regarding role of Mentor and benefits of Mentorship of Swayam courses.
