Title : Interview Preparation

Invited speaker :Ms. Neetu Bhowate, Chief Manager – Vendor Management, Hindustan Unilever Ltd., Mumbai

Date : November 7, 2020

Time : 12.15pm-1.30 pm

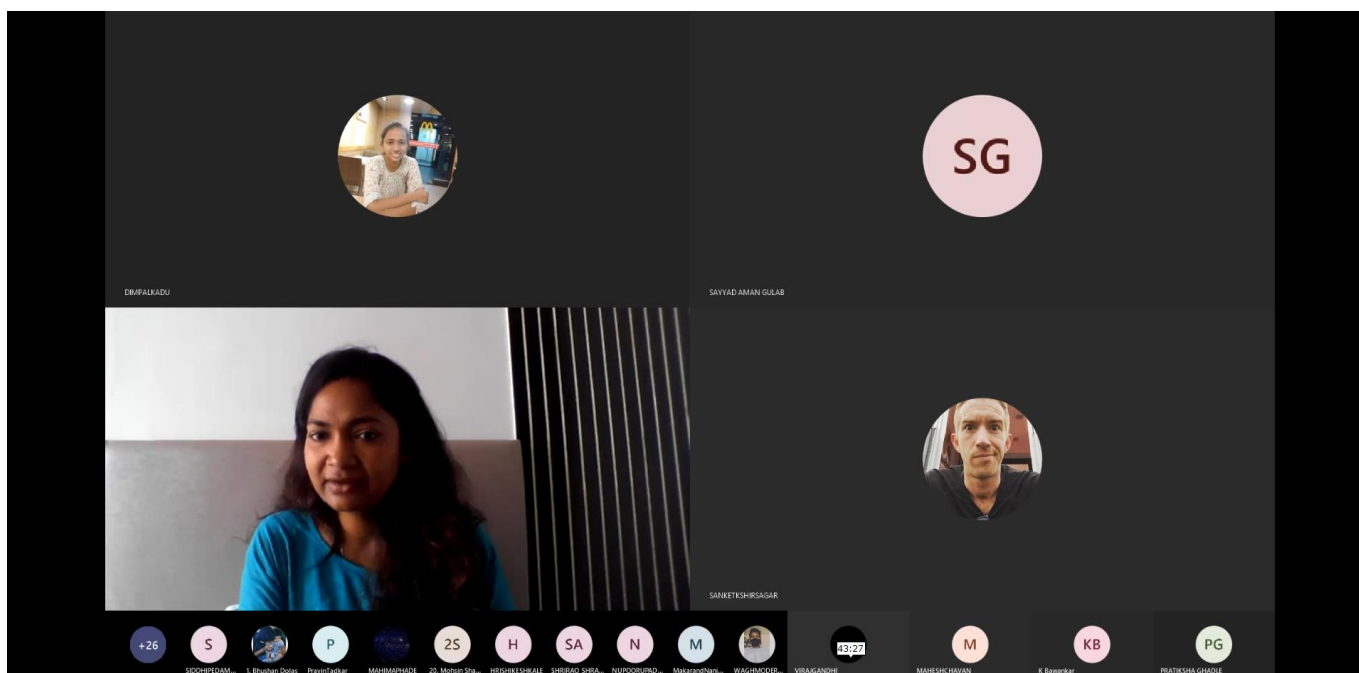

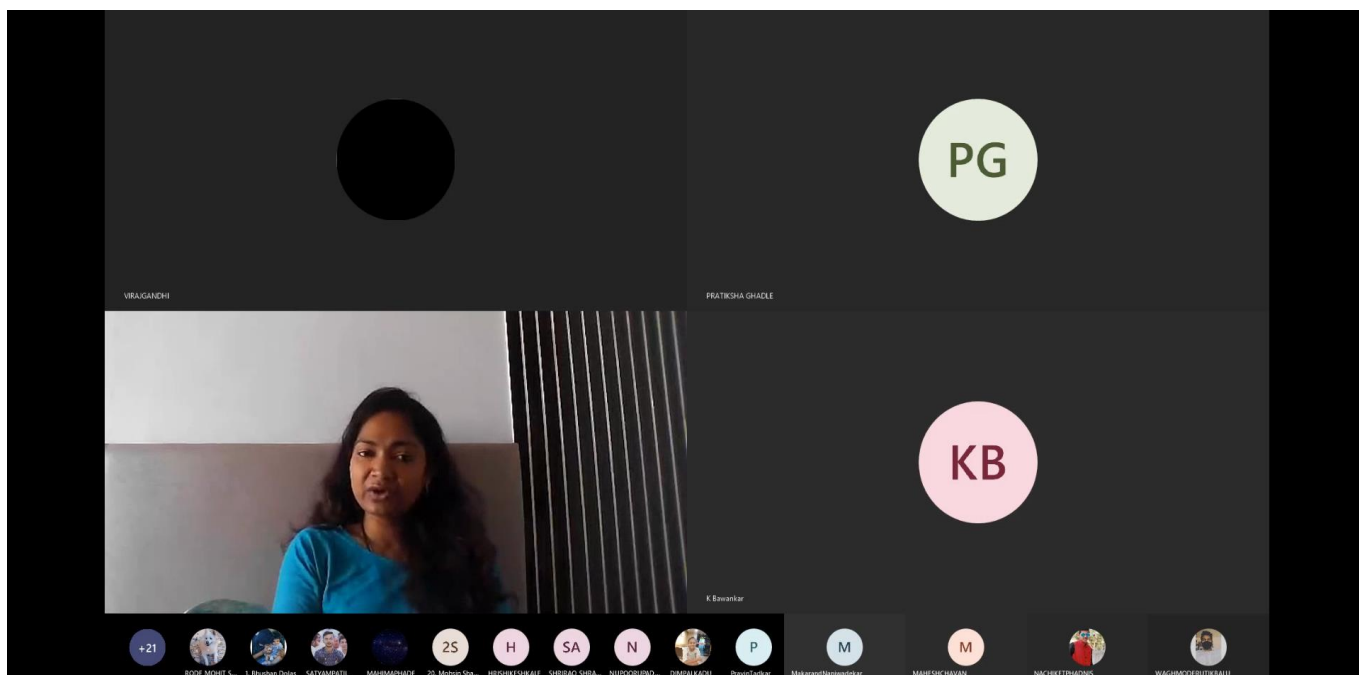

Portal : MS-Teams

Student Coordinators : 1. Mr. Viraj Gandh(TE Chemical Engineering)
2. Ms. Pratiksha Ghadle(TE Chemical Engineering)

Faculty facilitating the event: Mrs. K N Bawankar

IChE Students' Chapter, Department of Chemical Engineering, AISSMS College of Engineering, Pune-01 organized a webinar on the topic “Interview Preparation” on November 7, 2020. Ms. Neetu Bhowate, M Chem from ICT Mumbai, Chief Manager – Vendor Management, Hindustan Unilever Ltd., Mumbai was the invited speaker for the webinar. This event was managed by student Coordinators Mr. Viraj Gandhi and Ms. Pratiksha Ghadle under the supervision of Mrs. K. N. Bawankar, a faculty from Department of Chemical Engineering. The session started at 12.15 pm, which lasted for more than an hour. Around 40 participants comprising of faculty members as well as students attended this on MS-Teams.

The session commenced with the introduction of the speaker Ms. Neetu Bhowate by Ms. Pratiksha Ghadle. Then, Ms. Bhowate started with her topic in which at first she shared her views on few common mistakes people do during an interview. She gave tips for How to prepare for an interview, of which to study well about the company posts for which recruitment is done was prominent. It was a very interactive session between the participants and the speaker. Other tips included: asking common questions to ourselves and answering them in best way possible, voice modulation, body language, and punctuality. She emphasized on presenting yourself for better projection of our views. She also narrated few of her experiences and explained them what could've been a better answer for such a question.

Glimpses of invited speaker Ms. Bhowate, talking on issues faced by students during an Interview

This informative session was accompanied by the doubt clearing session in which students actively participated to get their doubts cleared. The webinar ended with a vote of thanks by Ms. Pratiksha Ghadle to Ms. Bhowate. Special thanks were given to all the participants for attending this knowledge-sharing event. The participants were asked to fill the feedback form at the end and an E-certificate was given to them after the webinar.

Acknowledgement

Organizing committee sincerely thanks the invited speaker for sparing her valuable time. We thank Mrs. K.N. Bawankar, Assistant Professor, Department of Chemical Engineering for facilitating this webinar and liaising with the speaker. We sincerely thank Dr. P.N. Dange, Head of Department of Chemical Engineering for his unceasing support and guidance. We deeply acknowledge encouragement by our Hon. Principal, Dr. D.S. Bormane for organizing this event. We further thank Hon. Secretary and Management of AISSM Society for the constant support in organizing such activities. Lastly, organizers profoundly thank the participants for their patient hearing during the session.

Faculty facilitating the event: Prof. R. S. Raut

IChE Students' Chapter, Department of Chemical Engineering, AISSMS College of Engineering, Pune-01 organized a webinar on the topic "Innovation Driven Entrepreneurship" on January 30, 2021. Mr. Santosh Khawale, M-Tech IITM, MS-Italy, Strategic Engineer, Desicolab founder, Pune was the invited speaker for the webinar. This event was managed by student Coordinators Mr. Abhishek Kumbharde and Mr. Dhairya Patel under the supervision of Mr. R. S. Raut a faculty from Department of Chemical Engineering. The session started at 11.00 am, which lasted for more than an hour. Around 30 participants comprising of faculty members as well as students attended this on MS-Teams.

The session commenced with the introduction of the speaker Mr. Santosh Khawale by Mr. Abhishek Kumbharde. Then, Mr. Santosh started with basics of entrepreneurship and opportunities in Desicolab, Pune. More focused on innovation driven entrepreneurship (IDE) it is defined as the pursuit of opportunities focused on products or repeatable services beyond the local market. Then he covered major topic i.e. Innovation and types of innovation with examples. After that execution topic was discussed. This informative session was accompanied by questions and answers session. Various types of questions asked from attendees especially on startup, business models and future opportunities.

The screenshot shows a Microsoft Teams meeting interface. The main slide is titled "Product Innovation | Service Innovation | Process Innovation" and focuses on "Service Innovation". It states that service innovation is "generally not tangible" and provides an example: "Ex: supermarket that starts to deliver groceries at the customer's doorstep. Ex: Now providing firms with the opportunity to make online advertisement is a service, and newly introducing this service can be called a service innovation." Below the text is a photograph of a person in a red shirt and cap holding a basket of fresh produce. The meeting controls at the bottom show a timer at 54:21. The right-hand panel lists participants, including the organizer ABHISHEKKUMBHARDE and several members of Chennai Faculty2.

The screenshot shows a Microsoft Teams meeting with a slide titled "SYSTEMATIC INNOVATION USING TRIZ". The slide features a complex flowchart diagram illustrating the TRIZ process. Key components include:

- Problem Solving** (red line): Involves Functional search, Separation Principles, and 76 Standard Solutions.
- Problem Reformulation** (blue line): Involves SLP, Multi-screen, Patent Search, and Film Maker.
- Problem Solving** (orange line): Involves Cause-Effect, Z.O., and Functional search.
- Problem Solving** (green line): Involves ENV Model, Object-Product Transformation, Laws of Evolution, MTS (Minimal Technical System), IFR, and Table of Requirements.
- Problem Solving** (purple line): Involves Technology Landscaping, O.Z., Negative/Positive system, Contradictions, and Functional Analysis.

 The diagram also includes icons for a target, a lightbulb, a film camera, a scale, and a group of people. The bottom of the slide mentions "INNOVATION DRIVEN ENTREPRENEURSHIP" and "DESICOLAB". The meeting controls show a timer at 01:25:51. The participant list on the right includes 11 presenters, with Chennai Faculty2 members listed.

Glimpse of invited speaker Mr. Santosh Khawale speaking about innovation and Entrepreneurship

This informative session was accompanied by the doubt clearing session in which students actively participated to get their doubts cleared. The webinar ended with a vote of thanks by Mr. Dhairya Patel to Mr. Santosh Khawale. Special thanks were given to all the participants for attending this knowledge-sharing event. The participants were asked to fill the feedback form at the end and an E-certificate was given to them after the webinar.

IChE Students' Chapter, Department of Chemical Engineering, AISSMS College of Engineering, Pune-01 organized a webinar on the topic "Scope of Piping Engineering in Oil and Gas Sector"on May 30,2021. Mr. Atul Singla, Principal Piping Engineer at PETROFAC Ltd, Gurgaon was the invited speaker for the webinar. This event was managed by student Coordinators Mr. Viraj Gandhi and Ms. Sharayu Badhe under the supervision of Mrs. K. N. Bawankar, a faculty from Department of Chemical Engineering. The session started at 10.00am, which lasted for more than an hour. Around 40 participants comprising of faculty members as well as students attended this on MS-Teams.

The session commenced with the introduction of the speaker Mr. Atul Singla by Ms. Sharayu Badhe. Then, Mr. Atul Singla started with his presentation in which he gave an overview of the Piping Engineering. He gave an introduction on Piping Engineering Department and how it works in collaboration with other Departments in an EPC. He further mentioned about roles and responsibilities of Piping Designers or Layout Engineers, Piping Material Engineers and Piping Stress Engineers. He showed various slides on working of oil and gas industrial pipelines and their management. He explained how the upstream, mid-stream and downstream work and the role of piping engineers there. Further he gave details about what is PipingEngineering and how it contributes to the Oil & Gas sector.
