The students of Second and Third Year Computer Engineering visited A W Sindhu Vidya Bhavan on 29th Mar. 2023. The purpose of the visit is to spread love and experience unforgettable moments. Institute is deeply concerned about overall development of special children and youth. As a regular ongoing endeavor A W Sindhu Vidya Bhavan provides facilities free of cost to special children for their recreation and sports. The activity starts with curiosity and ends with a sense of satisfaction at accumulating important knowledge in an enjoyable manner. A W Sindhu Vidya Bhavan offers an ideal environment for their overall growth and believes in encouraging the children every way possible, a humble yet attractive comfortable spacious building with lush green lawns. Lovely myriad blossoms welcome the children every day. The institution has warm affectionate and extremely diligent teachers to coach the children to develop various skills.

Entertainment program was arranged by our students and was enjoyed by special children. They are participated in these activities. We distributed Plant saplings, chocolate and cake to them. This visit made students to realize that how privileged we are to be born as a normal human being and also made them empathies toward challenges face by the special children.
