## **Virtual Industrial Report**

**13 Feb. 21, 1200 hrs:**

The IUCEE Student Chapter, AISSMSCOE organized a virtual industrial visit in view of the ongoing situation at Paradise Telecom PVT. LTD. which is one of the leading internet service providers in Pune. The virtual visit was met with an overwhelming response from students who were curious about how exactly the internet reaches us. This 'virtual industrial visit' marks the start of one of the many innovative and creative plans that the IUCEE Student Chapter wants to implement.

The speaker Mr. Mallikarjun S took great efforts to take us around the premises virtually, elucidating everything in the process. He answered many crucial questions of our participants and after this informative two-hour session we can all conclude that we not only have theoretical but also technical knowledge about ISP.

I would like to thank the Principal and the speaker along with all the teaching staff and the student body of the IUCEE for this opportunity. We appreciate all the efforts that were taken by the IUCEE Student Chapter to impart us with knowledge and to provide us such exposure.

# Glimpse of the event:

The screenshot shows a Zoom meeting in progress. The main window displays a presentation slide from the IUCEE Student Chapter, AISSMS COE. The slide title is "Virtual Industrial visit to ISP(Internet Service Provider) for complete internet network exposure....". It mentions a virtual industrial visit with Paradise Telecom Pvt. Ltd. in Pune City on February 13, 2021, at 12:00 PM. Faculty and student coordinators are listed, along with the HOD and Principal.

On the right side, the "People" panel shows 9 presenters and 88 attendees. The presenters listed are: Aishwarya Patil, Dr. Dattatraya Bormane, Manjusha Deshpande, Minal Swami, Ojas Swami, SAGARBHONG Organizer, sidhantpatil04 (Guest), SOMAN BHASKAR DHAWAL, and SYED SABA MUSTAFA.

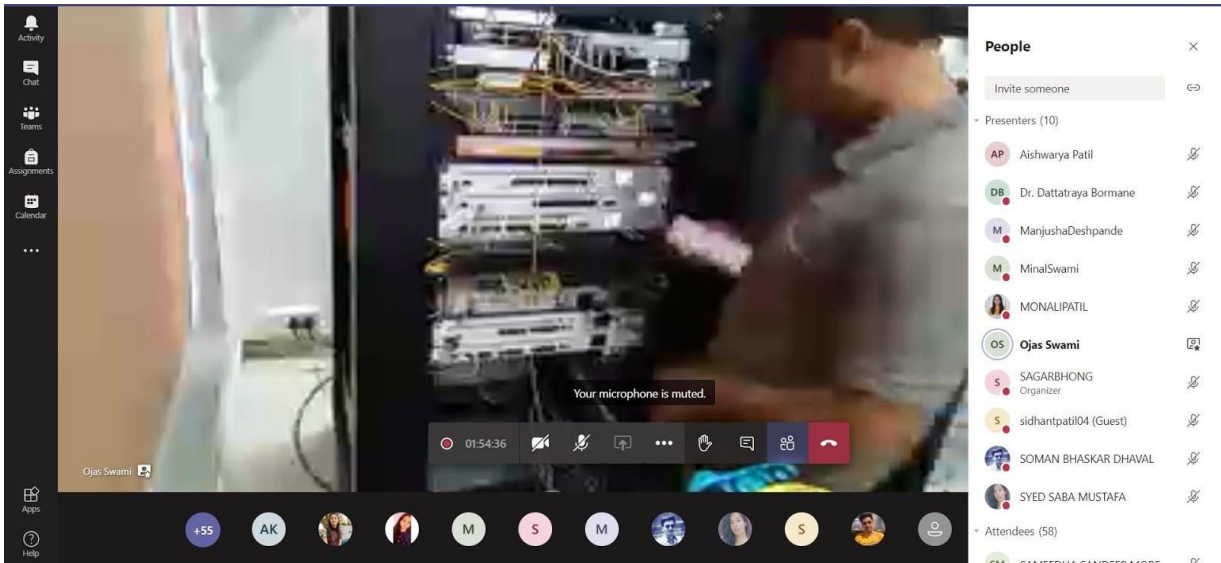

The screenshot shows a Microsoft Teams meeting. The main window displays a slide titled "Real Internet delays and routes" with a traceroute from gaia.cs.umass.edu to www.eurecom.fr. The slide includes a list of hops with IP addresses and response times. A red arrow points to hop 9, labeled "trans-oceanic link". Another red arrow points to hop 18, labeled "Under Windows is 'tracert'".

The slide content includes:

```

traceroute: gaia.cs.umass.edu to www.eurecom.fr
Three delay measurements from gaia.cs.umass.edu to cs-gw.cs.umass.edu
 1 cs-gw (128.119.240.254) 1 ms 1 ms 2 ms
