Inaugural Ceremony of “PROJECT BASED LEARNING EXHIBITION & PARENTS MEET 2021-22”

Program Date:20th July 2022

Day & Time: Wednesday & 12:30pm

Venue: AISSMS COE, CIP Seminar Hall

Program Organized by Department of First Year Engineering,

AISSMS College of Engineering,

1, Kennedy Road, Near RTO, Pune-411001

PROGRAM:

For better learning experience, along with traditional classroom teaching and laboratory learning; project-based learning has been introduced with an objective to motivate students to learn by working in group cooperatively to solve a problem. Project-based learning (PBL) is a student-centric pedagogy that involves a dynamic classroom approach in which it is believed that students acquire a deeper knowledge through active exploration of real-world challenges and problems. Students learn about a subject by working for an extended period of time to investigate and respond to a complex question, challenge, or problem. It is a style of active learning and inquiry-based learning. (Reference: Wikipedia). Problem based learning will also redefine the role of teacher as mentor in learning process. Along with communicating knowledge to students, often in a lecture setting, the teacher will also to act as an initiator and facilitator in the collaborative process of knowledge transfer and development.

The department of First Year Engineering has taken initiative to organise a Project Base Learning for all first-year engineering students. Also, on same day FE parents meet was conducted with the presence of 40 parents. This event was coordinated by Prof. S.S Patil (PBL Coordinator), Prof.V. R Patil , Dr.D.V Nighot (Head of Department)
