8. Brief of visit:

The students of second Year Computer Engineering visited Bal Kalyan Sanstha on 11<sup>th</sup> Sept 2023. The purpose of the visit is to spread love and experience unforgettable moments. Institute is deeply concerned about overall development of special children and youth. As a regular ongoing endeavor The Bal Kalyan Sanstha provides facilities free of cost to special children for their recreation and sports. 4000 special students from 85 special schools are the beneficiaries. The activity starts with curiosity and ends with a sense of satisfaction at accumulating important knowledge in an enjoyable manner. Bal Kalyan Sanstha offers an ideal environment for their overall growth and

believes in encouraging the children every way possible, a humble yet attractive comfortable spacious building with lush green lawns. Lovely myriad blossoms welcome the children every day. The institution has warm affectionate and extremely diligent teachers to coach the children to develop various skills.

We distributed Biscuits and Playing material to them. This visit made students to realize that how privileged we are to be born as a normal human being and also made them empathies toward challenges face by the special children.
