Diversified collaboration for synergizing education.

Institute surpasses typical academic standards. Institute cultivate well-rounded leaders to tackle real-world challenges through the unique 'Diversified Collaboration for Synergizing Education' approach. This combines rigorous academics with various activities, aiding students in succeeding in all aspects of life. Institute commitment to serving society by providing high-quality education and a supportive ecosystem of co-curricular and extracurricular activities helps students become multidimensional personalities aligned with societal demands. Beyond conventional classrooms, AISSMSCOE offers state-of-the-art facilities to enrich student life in-line with National Education Policy 2020. Institute has diversified collaborations in the fields viz.:

- Academic (IUCEE, IE(I), ISTE, ISF, IEEE, IWWA, IGS, Vlab),
- Innovation and Research (IETE, TRIZ, SAE, Universities from Australia, USA, Malaysia and Nigeria),
- Technical (Ultra-tech cement, Automation Anywhere, Kone cranes),
- Social (SESI, Unnat Bharat, Rotary club, Gokhale Institute of Politics and Economics)

Along with academics the students have best of the facilities and guidance in Sports, Dance, Drama, Art, Music, or other Art Skills, there are dedicated spaces and resources to nurture talents. The Alumni are also kept engaged and these associations resulted in many activities which nurtured students with compassion.

Led by visionary leaders, Institute focus on student growth and support for faculty. Institute's goal is to connect students with society, empowering them to solve various problems sustainably. Institute aims to redefine success by combining academics with activities outside of class, helping students become well-rounded leaders. Within the Institute, leadership, including the Principal, Heads of Departments, and Portfolio Coordinators, plays a crucial role in motivating and providing facilities for the holistic development of students. A fundamental aspect of Institute's vision involves pursuing recognition from national certification bodies, ensuring third-party approval of the guaranteed quality of education and complete development. The Institute places a strong emphasis on the professional growth of its faculty. Comprehensive support to enhance technical capability includes funding for FDP, leave, travel, stay expenses, projects, research, certification courses, and incentives for scholarly achievements. Financial rewards include consultancy schemes and grants. The "One Faculty One Industry" initiative fosters meaningful connections between academia and industry. The Mechanical and Production Engineering Department have a unique Sandwich pattern in which the students undergo Implant training for one year out of four years of the program. This also resulted in many fruitful collaborations, which benefitted the other students too.

The emphasis on industry participation is evident through MOUs, Centre of Excellence, Internships, Industrial Training, Sponsored projects, and the Entrepreneurship Development Cell. These initiatives seamlessly integrate theoretical knowledge with practical industry insights, preparing students for the challenges of the professional world. Institute stands as a

beacon of excellence in education, driven by a commitment to societal service, holistic student development, and strong ties with the industry. Institutional DNA is woven with the threads of quality education, visionary leadership, dedicated faculty, and empowered students who collectively contribute to the betterment of society.

Commitment to holistic education is evident through a comprehensive set of offerings. In the curricular domain, Institute provide cutting-edge tools and resources, including Virtual Labs (VLab), YouTube Channels, Lecture-Capture, ERP, an Advanced Library with remote access and e-Journals, and expert lectures. Institute support system is robust, covering mentoring, counseling, soft skills training, and state-of-the-art gymkhana facilities. In the co-curricular sphere, students participate in sports, clubs, national symposiums, technical events, Smart India Hackathon (SIH), cultural events, magazine publication, National Service Scheme (NSS) activities, and benefit from tie-ups with NGOs and Government agencies.

Furthermore, the achievements inspire students, showcasing the possibilities of success and leadership in various domains. Faculty members serving on national committees and boards contribute to the Institute's influence in shaping educational policies. This collective recognition contributes to a positive learning atmosphere, fostering a sense of pride and motivation among students, encouraging them to strive for excellence in their academic and extracurricular pursuits. In essence, the awards earned by Faculty members significantly contribute to the overall development of the Institute, creating a dynamic and inspiring educational ecosystem.

The Students excels academically with numerous gold medals and university rankers, showcasing academic excellence. In co-curricular events like Smart India Hackathon, wherein the team bagged first prizes in Hardware and Software editions. The teams fared well in the State-level Avishkar, where students exhibited innovation. Additionally, students have excelled in innovation competitions such as the i2e SPPU start-up competition and Motwani Jadeja Hackathon, earning accolades for their projects.

Cultural victories in Firodiya Karandak (competition of performing arts) and Vinodottam (One-act play) highlight talents beyond academics. Individual successes include participation in the Republic Day Parade, representing India at Bangladesh and recognition as a Student Innovation Ambassador. This diverse excellence fosters pride and motivation among students, creating a dynamic educational environment. Through the conducive ecosystem, students have achieved remarkable success across various platforms, showcasing their innovation. As an outcome students have received prestigious awards, recognizing achievements in areas such as education, research, sports, and culture. This also helps them realize their dreams in their chosen career and secure admission for the course at the Institute they sought.

The efforts have yielded remarkable outcomes, evident in numerous accolades and recognitions. The Institute has been awarded the Best Professional College by SPPU and Sakal media group, recognized as an Idol Maharashtra education excellence. Notably, it has received the Best Engineering College award under education excellence, placing a strong emphasis on placement and industry interface. Business Connect 2020 has acknowledged AISSMSCOE as the Best Engineering College in India. The Institute's achievements extend to National and International rankings, with a top position in the NPTEL Local Chapter and impressive ranks

in surveys conducted by Chronicle Magazine and Times Engineering Institute Ranking Survey. The Institute has been accredited with NAAC A+ Grade (2018-2023) and holds recognition under section 2(f) and 12(B) of the UGC act, 1956. Committed to societal service and holistic student growth, the Institute has garnered notable recognition and awards, showcasing its dedication to quality education, industry engagement, and enriching the learning journey.

The success of AISSMSCOE lies in the achievements of students, who have consistently excelled in academics, research, sports, and culture, showcasing their well-rounded development. Through the synergistic education approach, Institute continue to emphasize success and demonstrates commitment to holistic development.

Institutes Collaborations:

The institute's commitment to comprehensive excellence is evident through its collaborative efforts in academia, industry, innovation and research, and social engagement. Strategic partnerships with academic institutions and industry involvement enhance the learning experience, ensuring students are well-equipped for the professional landscape. Emphasizing innovation and research collaborations, the institute contributes to cutting-edge knowledge. Beyond academia and industry, social collaborations address societal challenges through community-oriented projects, reflecting the institute's commitment to holistic growth and societal relevance.

Academics Collaborations:

Institute have active professional student's chapter and clubs. Activities of such chapter and club boosted students learning abilities and skill sets.

1. Indo Universal Collaboration for Engineering Education (IUCEE)

Subject: Invitation as Guest for UBA: Technology tuning With Nature

Respected Sir,

As you may be aware, **All India Shri Shivaji Memorial Society's College of Engineering, Pune-01** is one of the most reputed Engineering Institutions in Maharashtra as well as in India and known for its excellent record in academics and co-curricular activities. Recently, NAAC committee Bangalore awarded A+ grade to our Institute and is the single private technical institute in Maharashtra having this highest grade. The College offers Bachelor degree and Master course in Chemical, Civil, Computer, Electrical, Electronics and Telecommunication, Mechanical, Mechanical sandwich, Production Engineering. The state-of-the-art facilities and competent faculty provide an excellent climate for the all-round development of the students. As a part of the NSS activities, the students are required to undertake the different social activities in and outside of the campus.

In this context, All India Shri Shivaji Memorial Society's College of Engineering, Pune, Unnat Bharat Abhiyan has organized a program entitled **UBA: Technology tuning With Nature** on Thursday, July 07, 2022 in our esteemed Institute.

We are glad to invite you as a Guest for the aforesaid program. This will enhance the privilege of our event. We acknowledge your hectic routine, but without your presence and your memorable words, our camp will be incomplete.

Kindly accept our invitation. It would be our immense pleasure.

With Kind Regards
Dr. N. N. Shejwal

Subject: Regarding approval of Villages selected under Unnat Bharat Abhiyan(UBA) program

Reference: GOI letter no D.O. No. 5-1/2016-UBA dated 16.04.2018

Respected Sir/Madam

With reference to aforesaid, the All India Shri Shivaji Memorial Society's College of Engineering, Pune-411001 has selected a set of 5 villages under Unnat Bharat Abhiyan (UBA) program. This is an opportunity to our Institute to contribute for the economic and social betterment of the village communities using our knowledge base and development of our nation.

In this context, the College authority is happy to inform that, the institute has selected the following villages in Pune districts under UBA program to define a positive impact in the villages adopted by our Institute. The details of the villages are as follows

Sr No.	Name of the Village	Tehsil	District	Population	Distance from district HQ
1	Lalapur	Haveli	Pune-412216	2686	30km
2	Kaiyan	Haveli	Pune-412205	1521	28km
3	Kondhanpur	Haveli	Pune-412205	1451	33km
4	Maiwandi (Dhore)	Mayal	Pune-411025	1193	41km
5	Angalwadi	Haveli	Pune-412205	1363	25km

N. N. Shejwal
g. Officer N.S.S.

We would be grateful for an approval to link the above villages to our institute.

Faculty Awards:

The faculty at our institution has garnered numerous accolades, underscoring their excellence in research, academics, and contributions to their respective fields. Recognized for their outstanding scholarly achievements, faculty members have received prestigious awards, accolades for ground-breaking research, and have been elected to influential positions on boards of studies. Their dedication to advancing knowledge is further underscored by receiving prizes for the best papers, showcasing their commitment to academic excellence and innovation within their disciplines. These accolades not only reflect the faculty's individual prowess but also contribute to the overall academic prestige of our institution.

Faculty Research Contribution:

Our esteemed faculty members have actively contributed to the academic landscape through prolific publications, demonstrating their commitment to scholarly pursuits. Engaging in workshops, they share their expertise with peers and students alike, fostering a collaborative learning environment. Further, their dedication to continuous professional development is evident through active participation in Faculty Development Programs (FDP) and Short Term Training Programs (STTP). Additionally, several faculty members have showcased their in-depth knowledge and experience by authoring insightful books, solidifying their impact on academia and knowledge dissemination.
