UNIVERSO Space and Astronomy club

Vision: Our vision for the “Universo: Space and Astronomy Club” is to inspire and educate under graduate engineering students about this wonder of space and astronomy.

Mission: The mission of the Space and Astronomy Club is simple but ambitious.

We aim to:

- Host regular meetings, workshops, and talks on various

Objective:

- The primary objective of the Universo Space and Astronomy Club is to nurture an environment of curiosity, exploration, and learning among students sharing same interest in space sciences through various activities, workshops, and events.
- Provide a platform for students to explore and increase their understanding of astronomy, astrophysics, and space exploration.
- Organize stargazing sessions, where members can observe celestial phenomena and develop practical skills in observational astronomy.
- Conduct workshops and lectures by experts in the field to enhance theoretical knowledge and expose members to cutting-edge research in space sciences.
- Facilitate collaborative projects and research initiatives, encouraging interdisciplinary engagement and problem-solving.
- Promote awareness about space-related career opportunities and inspire students to pursue further studies or careers in space science and technology.
