Our Inspiration

Shri Shahu Chhatrapati Maharaj President, AISSMS

From Principal's Desk:

DR. D S Bormane

AISSMS college of engineering has successfully completed its 29-year long journey since it's establishment in its academic year 2020-2021. Our institute has been bestowed with the prestigious Grade A+ accreditation by the National Assessment and Accreditation Council (NAAC), which brings me great pride and joy.

AISSMS College of Engineering remains at the forefront of academic excellence, consistently producing exceptional University gold medalists and top-performing students in diverse engineering fields. The dedicated faculty actively drives research and development endeavors, further elevating the college's standing in the academic community.

After the lockdown the energy with which students and faculty has engaged itself in the process of learning and adapting to change is stupendous! Students opting for internships as per the new curriculum has predominantly helped them understand the industry environment. The efforts put by the faculty and staff to provide the students with industry visits and practical sessions has largely benefited the students of mechanical department.

All such and many more remarkable achievements have been presented in the Mechanical Department Newsletter 'MECHPULSE'. I would like to express my sincere congratulations to the Mechanical Department for their outstanding initiatives. I extend my best wishes to all the ambitious students, employers, and stakeholders associated with the Mechanical Department, encouraging them to strive for success in accomplishing their goals.

"Be willing to be beginner every single morning." Meister Eckhart

FORM EDITORS DESK....

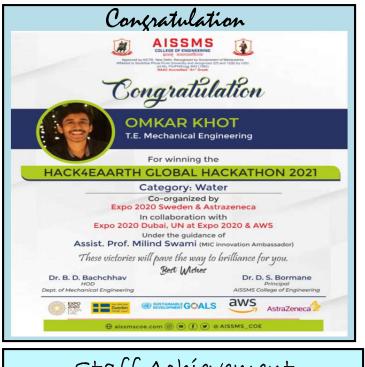

It gives us great pleasure to hand over to you "MECHPLUSE" the newsletter of Mechanical engineering department.

The department runs two undergraduate programs viz. Mechanical Engineering, Mechanical Engineering (Sandwich) and two PG programs with Automotive and Design Engineering as specialization. Department also run research Centre leading to Ph.D. Program. The department vision is to be excellence in value based on Mechanical Engineering Education.

Mechanical Engineering Sandwich pattern programme emphasizes on industrial training to students within four years of the study. Students are placed for training in the industry as per the curriculum of Savitribai Phule Pune University. The student learns industrial practices and also professional ethics.

MECHPLUSE is platform to communicate and underline department actions towards students development. Hope you will find this newsletter informative. Your suggestions for improvement in the newsletter are welcome.

Congratulations...

FROM HOD'S DESK...

A hearty welcome to the Department of Mechanical Engineering at *AISSMS COE*, *Pune*. The department has well qualified and dedicated faculty. The objective of the department is to prepare students for a successful career in industry, Research and Academics.

For the overall development of the student; department of mechanical engineering is associated with memberships of professional bodies such as SAEINDIA, Institution of Engineers (India), ISHRAE, FPSI. We formulated a Mechanical Engineering Students association i.e. MESA. Various activities of these chapters provide student to gain knowledge and interact with students and staff of other colleges/universities as well as Industry Engineers.

With end of this semester due to pandemic situation mode of learning goes online, which we took positively for continues learning of students. We start exploring opportunity in this inferior conditions face worldwide. Our students develop few solutions for COVID circumstances. MECHPLUSE is showcase of continuous progress of department towards excellence

Department Vision

• To be recognized as a premier centre in the field of Mechanical Engineering Education.

Department Mission

 To strive continuously for an advancement of academics and lifelong learning through effective teaching learning process.

•To strengthen industry-institute interface, association with professional societies to develop leadership, team work and industry oriented attributes through internship.

•To develop skill based mechanical engineering professionals for sustainable development through project based learning and active research.

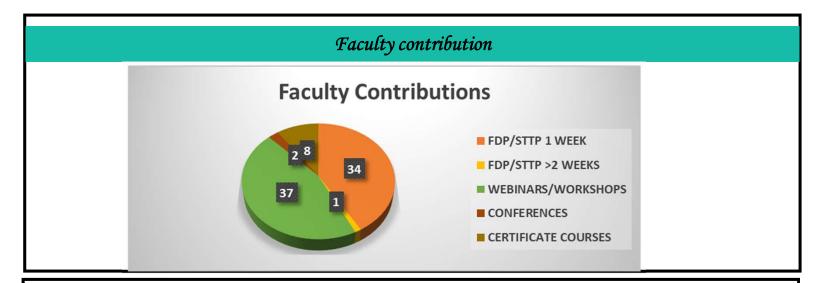

Department Goals

Short Term Goals

- To enhance interaction with industry
- To strengthen association with professional bodies
- To establish a research centre
- To increase number of value added courses
- To modernize laboratories.

Long Term Goals

- •To establish centre of excellence.
- •To improve the qualification of faculties
- •To help students for academic excellence to reach global standards.
- •To maximise entrepreneurship development activities.
- •To obtain accreditation from reputed bodies

ENGINEERING TODAY-2021 MECHPLUSE

AISSMS College of Engineering, Pune organized AISSMS Engineering Today on the Occasion of Engineers Day (15 September) Every Year. The aim is to provide opportunities for the overall development of the students. This is an annual technical event conducted jointly by students' associations and faculty from all Departments. The aim of the event is to promote effective students–faculty–industry interaction. It is the mega event in which students from all over India are invited to participate. Department Activities In ET-2021

- CAD WAR
- TECHNICAL HUNT
- TOOL CLINIC

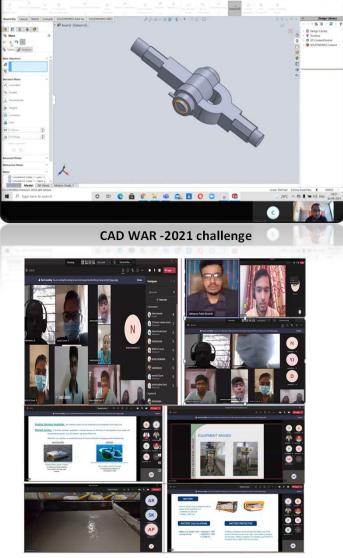

Department also organize Science Exhibition during ET-2021
