

The Department of Chemical Engineering, AISSMS COE, Pune organized a webinar on **“From Campus to Corporate – Navigating Career Options in Manufacturing & MNCs”** on April 18, 2026 under the IChE Students’ Chapter. The objective of the session was to bridge the gap between academic learning and industry expectations, create awareness about career opportunities, and guide students in placement preparation and skill development. The session, delivered by Mrs. Neetu Patil, Pidilite Industries, Mumbai, was attended by 55 participants. The outcome of the webinar was that students gained awareness of career opportunities and industry expectations, improved their understanding of technical and soft skills, and developed clarity on placement preparation. The session concluded with an interactive Q&A and was informative and beneficial.
